DATOCAR CARE

### MASKING FILM

Wide plastic sheeting engineered with static cling, masking film enables one person to quickly and efficiently mask a vehicle. The clear, high-density film provides effective paint protection and is tear-resistant yet easy to cut around the work area.

Specially treated for high paint adhesion, the sheeting effectively captures paint overspray to prevent contaminating the repair.

**SIZE:** 4m\*300m, 8micron, HDPE

### MASKING TAPE

This masking tape is designed for general purpose automotive projects on the interior and exterior of the vehicle.

Dependable for use in temperatures up 80°C for 30 minutes
